

About Rayat Shikshan Santha, Satara

The Rayat Shikshan Santha, Satara, is the pioneer in the field of rural development through education. Today it occupies a prominent place not only on the educational map of Maharashtra but also on the map of India. We are fortunate enough to have a rich heritage of the Rayat Shikshan Santha, the institution of very high repute, committed to social justice and national integration. The Santha was founded by Late Padmabhushan Dr. Karmaveer Bhaurao Patil, popularly known as 'Karmveer Anna'. He followed the footsteps of Mahatma Jyotiba Phule and Rajashree Chhatrapati Shahu Maharaja, firmly beloved the education is the panacea for the social and economic problems of the society. The foundation of the Santha was led by opening boarding house of students of all religions, castes and creed at village "Kale" in Karad block of Satara district in Oct. 1919. In 1924 the head quarter of the Santha was shifted to Satara. Presently the Santha runs 42 Colleges, 438 Secondary Schools, 7 D. Ed. Colleges, 51 Primary Schools, 33 Pre-primary Schools, 91 Hostels, 8 Ashramshalas and 2 I.T.I. These institutions are spread-up in 14 district of Maharashtra and 1 District of Karnataka. Over 4.5 lakh students pursue their education in varied disciplines. It has a plethora of about 13,000 dedicated employees. The Santha stands for the symbol of the aspirations of the common people i.e. "Rayat". "Education through Self-help" is our motto and we strongly advocate the dignity of labour. The symbol of santha, "Lush Green Banyan Tree", indicates the continuous extension of the institute in the field of education across the country. The growth and development of the santha so far can be assessed through the website "www.rayatshikshan.edu."

About the C. D. Jain College of Commerce, Shrirampur.

The College popularly known as "C.D.Jain College of Commerce" is one of the most flourishing branches of the Rayat Shikshan Santha. It is located at Shrirampur. From 1940 to 1960 the shrirampur nationally known as "Gur" market and from 1960s as "Sugar" market. It has rail and road links with other major towns and cities. A number of sugar factories and small industries have sprouted in the vicinity. Businessman of varied religions has flocked to this town and therefore it has a cosmopolitan atmosphere. This town is now becoming famous for its hospitals and various medical services. The local population felt the need of a college imparting especially commerce education. In 1962 the santha took lead in establishing a separate single faculty commerce college at Shrirampur.

A local businessman Late Chandrabhan Roopchand Dakale initially donated a sum of Rs. 2 lakhs. With the financial support of the grants from the University Grant Commission; the college has achieved the remarkable growth and success. The college complex is located on a 16 acres area, with a fully built up space of about 6442 Sq.mtrs. It offers all modern amenities required for all-round development of the students, hostels for girls, library, reading hall, ladies room, seminar hall, audio visual library, computer and internet facility, Gymnasium, playgrounds, staff quarters, etc. Apart from degree and post graduate course in commerce, we offer CPT/(C.A./C.S. Entrance) and other computer courses. A Research Centre leading to M. Phil. & Ph.D. degrees are also conducted. We have established our brand as, "The Complete Commerce College". The college has been certified with ISO 9001:2008 and re-accredited with 'A' Grade, CGPA 3.16 by NAAC, Bangalore. The following members and the organizing committee can be contacted for any matter relating to the seminar.

Dear Sir/ Madam

Since inception of the college has consistently organised number of workshops, conferences and seminars on various issues. It is our honor and pleasure to invite you to participate in two day State Seminar on "Artificial Intelligence"

The Seminar is scheduled on 12th and 13th December 2018 at C.D. Jain College of Commerce, Shrirampur, Dist. Ahmednagar (Maharashtra), 413709.

About the Seminar

Artificial intelligence (AI) is the ability of a computer program or a machine to think and learn. It is also a field of study which tries to make computers "smart". Artificial intelligence, sometimes called machine intelligence, is intelligence demonstrated by machines, in contrast to the natural intelligence displayed by humans and other animals. Colloquially, the term "artificial intelligence" is applied when a machine mimics "cognitive" functions that humans associate with other human minds, such as "learning" and "problem solving"

Artificial intelligence was founded as an academic discipline in 1956, and in the years since has experienced several waves of optimism, followed by disappointment and the loss of funding followed by new approaches, success and renewed funding. In the twenty-first century, AI techniques have experienced a resurgence following concurrent advances in computer power, large amounts of data, and theoretical understanding; and AI techniques have become an essential part of the technology industry, helping to solve many challenging problems in computer science, software engineering, operations research and day-to-day life. This seminar is planned to encourage discussions, sharing of experiences and interactive on All trends in Artificial Intelligence

Sub- Themes

1. Artificial Intelligence in e-commerce
2. Applications of Artificial Intelligence
3. Importance of Artificial Intelligence in every day life
4. Artificial Intelligence in Business
5. Reality of Artificial Intelligence in India
6. The current state of artificial intelligence
7. Machine learning Platforms
8. Robotic Process Automation
9. Text analytics and NLP
10. Any other related issue.

Abstract about 250 words and a full paper in about 2000 words using font Times New Roman font size 12, Margin 1.5 inch, right-1 inch, Top-1 inch, bottom -1 inch on A-4 size paper with line spacing 1.2. Title of paper (12 pt. bold, center), Author Name (12pts. Italic), mailing address, cell number and e-mail Id should be given.
