**QIM: 2.3.2****Teachers use ICT enabled tools for effective teaching – learning process.(Theory 500 words)**

It is always the practice of the teaching faculty to include the enhanced and Innovative teaching learning aids in various programs offered by the college to undergraduate and post graduate levels in Commerce. Entry level in college is also completely using online mode. All the **admission procedure is completely online**. Students have to fill up their Merit forms and admission forms on Vriddhi software with the use of online mode. Fees are also paid with the help of gateway process. Admission committee members approve all the documents, subjects and fees with the use of online mode. It helped to minimize the human errors in admission process and made the students as well as teachers to be techno savy. All the students are NET user friendly due to **free WIFI campus facility**. **Library is also using digitalized technology** for maintain the record. Every student has to punch the identity card to register the entry in the library. As well issue of books is also recorded completely with the help of bar coding system. The college has well equipped classrooms with the projector facilities and all the faculty members are using **smart board facilities** for the students in teaching and learning process. Soft copy and video lecture recording links are provided to the students which prove to be more effective and has enhanced their interest in learning experience. Teachers use the PPT's to teach through **Google Meet or Zoom App**. Every faculty member has got his own **unique ID for using Vriddhi Software**. Many faculty members conduct **CIA and internal tests by using online mode**. Various information which is to be collected from the students is collected with the help of **Google Forms**. It makes to collect the data easily as well it helps to analyze the data in very less time and in an appropriate manner. **Use of ICT** helps teachers to have more and more involvement of the students in teaching–learning process. Students are guided to prepare the PPT's on relevant topics. College has prepared its own **You Tube channel** and the **guiding videos** are posted on the channel by the entire teaching faculty. At the same time teaching faculty take care of not allowing the technology to overcome the quality of teacher as a human being. The teachers try to promote the students to make use of library also.
