#### Theory (500 Words)Response:

Mentor Mentee system is run by the college every year which builds confidence among students and parents. Under this system every teacher has been allotted a specific number of students. Every mentor acts as a parent for the student in college. The specified roll call lists are distributed to the teachers as per the allocation. Teachers having compulsory subjects are allotted as a mentor for those students. Staff can maintain regular record for the performance of the student with the help of allotted lists. Mentor faculty can maintain personal communication with the mentee student in lectures or after completing the lectures in the college premises. College is having rural background and many students are from rural areas. As there are students coming from rural as well as urban area, students have different kinds of problems to share with the teachers which they are not able to share with their parents freely. As the relation is buildup with the mentor teacher students feel free to communicate their problems with them. Students share different problems and experiences with the mentor teachers. The mentor tries to give the best solution to the problem by following the rules and regulations. Mentor teachers motivate the mentee students to participate in various activities conducted in the college and also outside of the college at various levels. Students get the confidence as they can directly communicate with the teachers. They get the confidence to face the competition among the outside world in their upcoming future. Students become aware of facing the problems on their own responsibilities.

#### Core responsibilities of the mentor are

- \* To keep the updated contact details of students and parents.
- \* To keep the record of the allocated students under his mentorship.
- \* To have regular communication with all the mentees allotted to them.
- \* To make the students self disciplined in the college campus as well as outside the campus or in the society.
- \* To counsel the student as and when needed in any matter.
- \* To built confidence among each student to face the problem and to make them able to learn to find out the solutions.
- \* To make the healthy internal bonding in the whole group to increase the morale of social responsibility among them.
- \* To motivate the mentees to participate in different activities conducted by the college.
- \* To keep the record of achievements of the mentees.
- \* In case if there is continuous absentee of any student, mentor teacher can find out the cause of that and can provide solution.
- \* To make the students be able to face any situation on his own level.
