It is said in the manual of NAAC that "no agency has ever formerly defined the PO's of General Higher Education Three Year Degree Programme in India. Program Outcomes, Program Specific Outcomes and Course Outcomes for all the programs offered by the college are mentioned and displayed on the college website www.cdjcollege.com. The website is properly maintained and duly kept updated. Department wise or committee wise information is provided with details of different programs conducted by the committees and photographs are also displayed on the website. Website provides an introduction of the institute, faculty member details and achievements of students. The college prospectus as well as the website provides the list of programs and courses including the program codes in detail. College is having its own research centre affiliated to SPPU. UG and PG courses are run by the college. Every program is having its own outcome. The basic objective is to provide effective communication skills to the students along with the knowledge of electronic media and current technologies. BBA(CA) is designed with the basic objective of boosting the critical thinking capacity of the student and to improve his social interaction.

There are various Programme Specific Outcomes which pursue the guidelines for the student to highlight the importance of education in commerce faculty. Different programmes are designed by considering the need of the society, which impart the thorough knowledge about the facts of the theory and practical aspects. It inspires the students to think in different and creative directions giving the better outcomes. It helps to develop the awareness about the upcoming trends in the society with the entry of cut throat competitions in every field. Perfection and innovation would only provide the base for the futures.

Every course is having its outcome as per the programme and the syllabus included in the programme. Commerce graduation and post-graduation helps to understand the concepts of commerce and management, current situation of business and market through the changing trends of economy in the society. It has provided the basic knowledge about how to deal with the various problems with the effective solution at hands in time. Students become aware about the business structure and innovative concepts that can be introduced at their initiation. It prepares the students with the advanced knowledge of the techniques and methods of planning and executing the financial aspects at different stages. Computer Graduates and Post Graduates are provided with the sound base through which they can be able to shift to the advanced career in Computer Application. The Computer course enables them to understand the concepts and its application in software development. In this way the programme Outcome, Programme Specific Outcome and the Course Outcome is the inbuilt aspect of the whole curriculum of the institute.
