**Workshop Report**

One day University Level Workshop on "IQAC" was organized by Rayat Shikshan Sanstha's C. D. Jain College of Commerce, Shrirampur sponsored by BCUD on 20<sup>th</sup> March, 2017.

The National Assessment & Accreditation Council (NAAC) proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC). The establishment of IQAC is suggested as a quality sustenance measure. IQAC must be an integral part of the quality enhancement measures adoption by an institution. The prime object of the IQAC is to develop a conscious system to bring about an improvement in the overall performance of institutions.

NAAC has made certain changes in the format of SSR and has also changed the weightages of seven criteria. The focus is now shifted on "Quality Improvement" of an institution. In this Quality Improvement drive, the role of IQAC has been transformed from "Cell" to "System". Thus to get acquainted with "Internal Quality Assurance System", C. D. Jain College of Commerce, Shrirampur had organized a one day workshop on "IQAC".

They also believe conveniently what they hear from the industry personnel that the syllabus is outdated and the gap between what is taught and what is actually practiced is huge. One of the tools available to measure the adequacy of this academic input is 'Academic Audit'.
